BACK HOE & LOADER TRACTOR ATTACHMENTS

AN ISO 9001: 2000 CERTIFIED
FM 519243

For 55 HP & above Tractors

Suitable for SONALIKA 55 HP & above

MODEL :FULL LOADED

FEATURES

- (A) Low cost, can be installed even on second hand tractors.
- (B) Nation wide network, approved by Tractors manufacturers.
- (C) Can be very effectively used in excavating soil, foundation for building, trenches for pipeline & Cable laying, to handle garbage, Widening of rural roads.
- (D) Easy spares availability at very low cost compared to other earthmoving machinery.
- (E) The ABEL Backhoe-Loaders attachment has a structure that's rugged, the styling very modern and unrivalled.
- (F) Its mainframe (chassis structure) is fully welded and is designed for durability using advanced computer analysis. This ensure correct distribution and dissipation of Backhoe-Loader and tractor gear box induced stresses.
- (G) ABEL Backhoe-Loader is a contractor's low cost dream machine.

LOADER PERFORMANCE

I DUMP HEIGHT	2.59m
J MAXIMUM OPERATING HEIGHT	3.85m
K REACH AT GROUND	2.45m
